Collapsing at Fawn Pass

Fawn Pass
Southern Gallatin
1/11/2024
Code
Latitude
44.93530
Longitude
-110.95600
Notes

From obs: "We had multiple collapses during our ski, and one 40’x40’ slope had a large collapse on the trip up and again on the way down. I noticed one meadow that had collapsed before we were out, and the new snow had sheared off of several downed logs."
