

Just north of Bridger bowl

Date

Sat, 01/01/2022 - 15:00

Activity

Skiing

Saw a small slide come off the ridge. We dug a pit and the wind slab was 8 inches to a foot and a half. During our snow tests it consistently broke on the weak layer around a foot deep.

Region

Bridger Range

Location (from list)

Bradley Meadow

Observer Name

Brett Paulson
