

Dudley Creek

Date

Sun, 01/02/2022 - 13:50

Activity

Skiing

Dug a pit on a NE slope at 7800 feet up Dudley Creek. Snowpack is shallow- about 2 ft/59 cm (depth didn't change as we went higher). Compression test broke on facets at the ground (CT20). No fracture or propagation during the ECT (ECTX)

Region

Northern Madison

Location (from list)

Dudley Creek
