

Frazier Basin, North Couloirs of Arrowhead

Date

Sun, 01/16/2022 - 12:30

Activity

Skiing

Dug a pit while heading up the couloirs on the north aspect of Arrowhead. We had an ECTP 25 at approximately 15-20 cm deep. Decided to dig another pit on this aspect to confirm our test, and had an ECTP 15 on the same layer. We decided to descend to something more east facing, dug a pit on that aspect, and found no propagation.

Region

Bridger Range

Location (from list)

Frazier Basin

Observer Name

Nick Sramek
