

Recent natural avalanche on Mt. Blackmore

Date

Fri, 03/29/2024 - 08:20

Activity

Skiing

Spotted this big guy on the east face of Blackmore today. Seemingly natural and I believe it occurred in the last 36 hours or so. Debris had last night's snow on it. I'd estimate it at D2.

Region

Northern Gallatin

Location (from list)

Mt Blackmore

Observer Name

Eric Heiman
