

Dry loose / wind slabs in the Centennials

Date

Thu, 03/06/2025 - 10:09

Activity

Skiing

8-12 inches of new snow on the ground in the Centennials near Nemesis mtn. New snow that fell early this morning was very touchy on hard/icy surfaces from the melt/freeze activity we saw the prior days.

Region

Island Park

Location (from list)

CENTENNIAL RANGE
